

Vijay Computer Academy

Transforming and Empowering Lives

**Through
World-Class IT Education and Training
to Build a Better Tomorrow!**

Vijay Computer Academy (VCA)

Vijay Computer Academy (VCA) is a global IT education and training institute. We offer various, basic to advanced career and workforce oriented IT courses.

Since 1990, VCA has been a pioneer in bridging the skills gap and gender gap in IT through world - class IT education and training programs. We have trained more than **33,000 students** (60% female students) and are on track to train **100,000 individuals** by **2030**.

No college degrees needed!

We work with **zero bureaucracy**. **No degrees needed, no background, or IT experience is required**; just a willingness to learn and get a place in the high paying job market in short time. Our IT bootcamps, registered apprenticeships and certificate courses are open to individuals aged 16 and above **without any bias of gender, race, ethnicity or color**.

So, if you are **looking for a new career in IT; or to diversify in IT or looking for a remote job; or are currently underemployed, unemployed or laid off and want to re-enter the workforce**, VCA has the right programs!

Even if you are looking to **change career at age of 40 or 50**, we are here to help!

IT skills & career opportunities pathways

VCA proudly presents this **FREE IT CAREER WEBINAR** to give you the first-hand information on **potential local and global IT career opportunities** for essential IT skills and certifications pathways to share with your clients.

IT Career Webinar

➤ Workforce Innovation and Opportunity Act (WIOA) Scholarship

We are a **Registered IT Apprenticeship provider / sponsor**, and **Apprenticeship Ambassador under DOL**. We are also **eligible training provider in the state of Texas and Oregon**. VCA's Data Analytics, Software Testing, Database Administration, Cybersecurity and IT Help Desk bootcamps/pre-apprenticeship programs are eligible for WIOA scholarships. To apply, contact your **local career office or job center** (if you live in Texas).
If you do not live in Texas, **apply here**.

➤ Skillbridge

We recognize the unique experiences and skill sets of active-duty service members and veterans, and we are committed to helping them succeed. VCA's Data Analyst (Database Technician), Software Application Developer (Tester) and Cyber Security Support Technician pre-apprenticeship opportunities are eligible for DOD Skillbridge program.

➤ GI Bill

If your client is an **active-duty service member or Veteran, a member of the National Guard or Reserves, or a qualified survivor or dependent**, they can get VA education benefits through the GI Bill and other educational assistance programs.

They may be eligible for benefits through the Post-9/11 GI Bill if they have **served on active duty for at least 90 days**, whether continuous (all at once) or interrupted (for shorter periods over time), after September 10, 2001.
